Dr. David Vanderpool

Dr. David Vanderpool is founder and CEO of LiveBeyond, a faith-based, humanitarian organization bringing medical and maternal health care, clean water, education, orphan care, community development and the gospel of Jesus Christ to the oppressed in Thomazeau, Haiti.

A successful trauma surgeon, Dr. Vanderpool served as a volunteer for more than 20 years providing free health care in third world countries that suffered from either natural or man-made disasters. He has run temporary medical clinics in war-torn and impoverished countries like Ghana, Mozambique, Iraq, Honduras and South Africa.

After an earthquake devastated Haiti in 2010, Dr. Vanderpool was a first responder to provide care to thousands of patients affected by the disaster. After spending 12 days seeing horrific injuries, performing countless operations and the desperate need of Haiti, the Vanderpools felt called to truly help the Haitian people and provide a lasting impact in this country. In May 2013, Dr. Vanderpool and Laurie officially moved to Thomazeau, Haiti on a full-time basis. They sold both their home in Brentwood, Tennessee, and Dr. Vanderpool's private medical practice.

Dr. Vanderpool is a Fellow of the American College of Surgeons and a Fellow of the American College of Physicians and Assistant Professor of Surgery at Texas A&M University College of Medicine and is a regular contributor to medical journals on tropical diseases and to political publications on U.S. disaster response/developing world goals.
